BHARATH MUMMADI

9966322665 | Hyderabad, chengicherla,500092 | mummadibharath9966@gmail.com

SUMMARY

Recent B.Sc. graduate in Electronics and Computer Science with a strong foundation in both hardware and software systems. Recognized for creative problem-solving and time management skills, enhanced by a passion for sketching that fosters innovative thinking. Demonstrates patience and focus in task execution, ensuring quality outcomes. Eager to learn and adapt, with a commitment to continuous improvement and collaboration. With effective communication abilities and a willingness to learn from team members, aiming to contribute meaningfully to organizational goals.

SKILLS

Time management	Static website's	user Research
communication	Web technology	version controls
Adaptability	IOT	Mysql

EDUCATION

‣**Bhavans vivekanada degree college**   **2022-2025**
  BSC MECS

‣**Sree chaitanya jr college**   **2020-2022**
  MPC

‣**Sree vaagdevi techno school**
  HIGH SCHOOL

ACADEMIC EXPERIENCE

- Learned the basics of computers and programming languages.
- Attended workshops that helped me gain hands-on experience in IoT.
- Participated in expert-led sessions in electronics and computer science, enhancing my practical knowledge.
- Represented my college in multiple projects. including a LoRa-based weather station that collects weather data from different locations and transmits it via LoRa, a project I learned from my senior.

CERTIFICATIONS AND PROJECTS

- IOT by NITK STEP and PANTECH E LEARNING IOT and Machine learning
- Robotics odyssey workshop 2023
- Developed a streaming website using HTML,CSS,JAVASCRIPT
  Won the First prize on national science-Day 2025
- IOT based collection and storage of real-time sensor data in to database
  Won the First prize on national science-Day 2025
